SKILLS

- Languages:** C++, Java, C, Python
- Frameworks:** HTML and CSS, NodeJS
- Tools/Platforms:** MySQL, AWS, DevOps
- Soft Skills:** Problem-Solving, Time Management, Adaptability

PROJECTS

- AI Chatbot for Gift Suggester | GitHub**March 2025 – April 2025
- Developed an AI-powered gift suggester platform that helps users to find and manage expenses efficiently
 - Designed a responsive front-end using HTML, CSS, and JavaScript, and applied backend logic for seamless user interaction and data handling.
 - Integrated an interactive AI chatbot using the Gemini API to deliver personalized gift suggestions and budget optimization insights.
- Tech Stack Used:** HTML, CSS, JavaScript, Gemini API
- Implement an Os-based resource management system: | GitHub**June 2025 – July 2025
- Implemented an OS-based resource management system to optimize task scheduling, power consumption, and data synchronization for IoT devices.
 - Designed and executed energy-efficient resource allocation mechanisms to extend device battery life while ensuring stable and reliable system performance.
 - Improved overall system efficiency and operational reliability by balancing performance requirements with power optimization strategies.

TRAINING

- Data Structures and Algorithms – Centre for Professional Enhancement:**June 2025 – July 2025
- Enhanced problem-solving skills through practical implementation of DSA fundamentals
 - Learned and applied core Data Structures and Algorithms concepts including sorting, trees, graphs, searching, hash tables, stacks, and queues
 - Built a simple banking system that supports basic operations such as deposits, withdrawals, balance checks, and secure data handling
- Tech Stack Used:** DSA, C++

CERTIFICATES

- Build Generative AI Apps and Solutions with No-Code Tools – Infosys | [Link](#)August 2025
- ChatGPT-4 Prompt Engineering: ChatGPT, Generative AI & LLM – Infosys | [Link](#)August 2025
- Computational Theory: Language Principle – Infosys | [Link](#)August 2024
- Master Generative AI & Generative AI tools | [Link](#)August 2024

ACHIEVEMENTS

- Completed the Python Skill Up Program (**Geeks for Geeks**) strengthening core programming skills and logical problem-solving abilities.August 2025
- Successfully completed a Solutions Architecture virtual job simulation (**Forage & AWS**) gaining hands-on experience in cloud infrastructure design, scalability, and cost optimization.September 2025

EDUCATION

- Lovely Professional University**Punjab, India
*Bachelor of Technology - Computer Science and Engineering; CGPA: 6.18*August 2023 - present
- Narayana College**Hyderabad, Telangana
*Intermediate; Percentage: 84.90%*April 2021 - March 2023
- Abhyas High School**Thorrur, Telangana
*Matriculation; Percentage: 98%*April 2020 - August 2021
